

Multifan

Fiberglass Cone Fan line

Through the aerodynamics design of the new MULTIFAN Fiberglass Cone Fan line, Vostermans Ventilation can offer the market a fiberglass cone fan line, which sets a new ventilation standard focusing on the three most important fan parameters: air performance, fan efficiency and air flow ratio.

Tunnel or length ventilated livestock buildings and greenhouses demand through higher product performances also higher quantities of air. With durability and reliability as an asset, the Multifan Fiberglass Cone Fan line guarantees fresh air at low cost.
